EXPERIENCE

PERELMAN SCHOOL OF MEDICINE

Philadelphia, PA

Research Fellow, Frances Jensen Lab

2024 - 2028

- Authored and co-authored two peer-reviewed publications and four conference presentations, contributing to the field's understanding of Alzheimer's Disease, epilepsy, and therapeutic interventions for these conditions.
- Spearheaded cross-functional collaborations with geneticists, neuroscientists, statisticians, and clinicians, integrating electrophysiology and transcriptomic analyses to strengthen translational relevance.
- Secured competitive funding and awards, demonstrating ability to align scientific innovation with resource acquisition.
- Built Python script to optimize literature searches from PubMed to accelerate the speed writing of publications.

ASCEND PR AND FAMILY OFFICE ADVISORY

Remote

Senior Advisor, Growth & Partnerships

2025 - 2025

- Represent Ascend PR at family office and investor networking events, cultivating relationships with ultra-high-net-worth individuals and growth stage start-ups directly contributing to a 20% increase in qualified leads from across different sectors.
- Execute client intake and consultative sales processes, qualify leads for health tech startups, and build stakeholder trust to strengthen the strategic growth pipeline.

SETON EDUCATION PARTNERS

New York, NY

Bilingual Operations Associate

2020-2021

Operations Seton Teaching Fellow

2021-2022

- Directed student information systems and tracked family engagement data, providing actionable insights to improve outreach and resource allocation.
- Coordinated cross-functional stakeholders (health, food services, facilities, security, social work, IT) to ensure seamless school operations.
- Planned school-wide events and translated English-Spanish communications, strengthening community engagement and accessibility for diverse underserved low-income families.
- Designed and implemented automated pipelines for operations, inventory, and compliance systems, streamlining workflows and improving accuracy.
