EDUCATION

The Wharton School, University of Pennsylvania, Philadelphia, PA

May 2028

Candidate for Bachelor of Science in Economics

Intended Concentration in Finance

GPA: 3.8/4.0

Honors: Joseph Wharton Scholar (1 of 40 first-year students): emphasizes scholarly research and the liberal arts and sciences within the framework of a business education

EXPERIENCE

Leoni's Pizza | *Restaurant Manager*, Dudley, MA

June 2020 – August 2025

- Promoted to Restaurant Manager after driving a 20% increase in store sales through strategic team leadership and operational improvements
- Managed end-to-end operations, directing order fulfillment and supply procurement to ensure timeliness, cost efficiency, and customer satisfaction
- Oversaw all core accounting functions, including invoicing, expense tracking, and account reconciliation, to maintain precise financial records

Enterprise Diversified | *Business Development Associate*

November 2024 – April 2025

- Developed and managed a deal pipeline by cultivating a sourcing network of 20+ business advisors, using CRM tools like Apollo for systematic tracking and communication
- Translated raw data into actionable insights, creating compelling presentations that guided executive decision-making

Helen of Troy | *Advanced Research and Development Intern*, Marlborough, MA

June 2023 – August 2023

- Drove development for new \$50K water filtration systems by analyzing data and researching emerging technologies to identify key cost-saving opportunities
- Collaborated with cross-functional teams to test and implement innovative solutions, presenting findings to senior leadership to enhance project outcomes

Clinton Savings Bank | *Banking Intern*, Boylston, MA

August 2022 – June 2023

- Managed customer transactions and account updates using advanced banking software, ensuring accuracy and exceptional service
- Accurately balanced a daily cash drawer while adhering to all operational procedures and compliance regulations

LEADERSHIP & EXTRACURRICULARS

Penn Blockchain | *Investments & Infrastructure Committee*, Philadelphia, PA

September 2024 – Present

- Managed a \$200K+ crypto portfolio in a national competition among 10+ universities, achieving #1 performance two consecutive years; pitched weekly rebalancing strategies and contributed to research partnerships with Artemis, shared with leading token funds and institutions

Kalshi BTC Market Pricing Model | *Ribs Ventures*

February 2025 – Present

- Built and deployed a Kalshi 1-hour BTC prediction market pricing tool using Python scripting, Google Sheets API integration, and AWS cloud automation

Joseph Wharton Scholar | *President Mentorship Committee*, Philadelphia, PA

September 2025 – Present

- Led the design of cross-class mentorship programming of 150+ members, delegated task teams, and created incentive-driven events (coffee meetups, cohorts, focus groups) to boost freshman-senior engagement

Cryptocurrency Mining | *Personal Venture*

May 2021 – September 2022

- Launched and independently managed a profitable micro-venture, building and operating a 10-GPU server that generated over \$10,000 in revenue
- Managed a budget for all hardware procurement and analyzed energy costs to optimize for profitability and maximize return on investment (ROI)
