Nov 2023 - present

New Haven, CT

Provided volunteer tutoring services to local area elementary through high school students on a weekly basis. Subjects covered included physics, chemistry, algebra, and English composition. Corresponded directly with a school administrator to coordinate tutoring with particular students.

Outreach Tutoring Program, *Founder*

May 2022 - Aug 2022

Brambleton, VA

Founded, planned, and managed the stand-up of an outreach program to provide free tutoring services for middle and high school students. The program provided tutoring in all math subjects and provided general organization and study skills guidance with the goal to prepare students to begin the school year with confidence and prevent the loss of the prior year's learning gains during the summer break. Secured a team of fellow tutors from my high school to work for the program. Engaged with the community to promote our services. Maintained schedule of student sessions and scheduled tutors. Communicated with parents regarding their children's progress and responded to their questions about the service.
